PROJECT DESCRIPTION

BillerReinhart Structural Group, Inc. performed structural design and prepared construction documents (drawings and specifications) for the new dugout structure that includes a second story press box. The construction of the structure is comprised of the following: shallow cast-in-place concrete spread footings and floor slab on grade, reinforced concrete masonry walls, steel framed elevated floor deck and steel framed roof system. BillerReinhart reviewed shop drawings and submittals regarding structural work. BillerReinhart performed site visits during construction to observe progress.
