PROJECT DESCRIPTION

BillerReinhart Structural Group, Inc. prepared design drawings and specifications and bid documents for the restoration and waterproofing of deteriorated precast concrete walkway slabs for the 2-story school building. BillerReinhart assisted the client and owner during the bidding phase of the project to select a contractor to perform the restoration work. BillerReinhart also performed construction administration services including the following: conducting site visits during the restoration work to observe construction progress, submitting reports documenting the work, and reviewing contractor pay requests.
