

*Structural Integrity is Our Business*

**PROJECT SIZE**  
70,000 Square Feet

**EST. CONSTRUCTION COSTS**  
\$3.0 Million

**COMPLETION DATE**  
2007

**CLIENT**  
Nodarse & Associates Inc.  
504 East Tyler Street  
Tampa, Florida 33602

**OWNER**  
Springhill Suites

**PROJECT DESCRIPTION**

BillerReinhart Structural Group, Inc. performed Threshold Inspector duties as per Chapters 471 and 553 of the Florida Statutes for the 70,000 square foot six-story hotel building. The structure consists of cast-in-place concrete foundations and floor slab on grade, reinforced concrete masonry unit walls, and pre-cast pre-stressed hollow core concrete floor and roof slabs. BillerReinhart reviewed structural drawings, specifications, and submittals, performed site visits to observe project construction, and prepared reports documenting the work to the building code official having jurisdiction over the project.
